

CA RADIOLOGY

COURSE OVERVIEW

This 48-hour course has been approved by the Wisconsin Chiropractic Examining Board as meeting the legal requirements for chiropractic assistants to take X-rays in Wisconsin. The course includes instruction in:

- basic principles of X-ray
- radiation protection
- radiography in chiropractic practice
- introductory anatomy
- film handling & processing
- X-ray exposure factors
- patient positioning

Any CA who successfully completes this course will have the knowledge necessary to safely & quickly learn X-ray practice in an office setting. All students who complete the course and pass the exam will receive an Award of Proficiency in Basic Chiropractic X-ray.

Did you know Wisconsin requires 48 hours of X-ray instruction for any Chiropractic Assistant taking X-rays?

Two reasons this training will benefit your practice:

- If your CA can take X-rays, you will have more time to provide patient care.
- Providing skill training has been shown to reduce CA turnover.

ABOUT THE SPEAKER

Wendy Varish, DC is a graduate of the National College of Chiropractic in Lombard, Illinois. Since receiving her degree in 1992 she has participated on many committees for chiropractic related issues and has taught a variety of educational courses, presentations, and workshops concerning chiropractic related topics. Some of these include: nutrition and fitness, spinal care, food and mood, and exercising, stretching and rehabilitation. Dr. Varish is currently in professional practice in Howards Grove, WI. In addition, she has earned a diplomate in Orthopedics and teaches the Chiropractic Assistant Delegation modalities.
