

# Case Management

## 4 CE per case

### About the Program

The Case Management course is a unique program that offers chiropractors the opportunity to bring in a tough case for review or learn from the cases presented by Dr. Yeomans and cases other attendees bring. Each condition will include a total of 4 hours each of which half the time (2 hrs) will be devoted to reviewing the specific condition. The second 2 hours will be spent reviewing cases (at minimum, 2 cases at 1 hr each). This interactive format is designed using a "grand rounds" concept, to actively interact as each case is discussed.

#### Outline if you choose to bring a case:

(Please submit a 1 page summary to the WCA by January 13, 2012)

- Date of onset
- Date of initial exam/treatment
- What special tests were performed (attach reports)
- What forms of care were utilized?
- Was there coordination of care between DC / MD-PT?
- What was the last date of Treatment
- What was the concluding status of the patient: (resolved/discharged)

### Location

Ramada Covention Center  
205 S. Barstow St. Eau Claire, WI 54701/ 715.835.6121

### About the Speaker

**Dr. Steven G. Yeomans, DC, FACO**, completed a 5-year residency in Orthopedics and became board certified in 1985. He accepted his first post-graduate lecture invitation in 1984 and since, has acquired post-graduate teaching positions with 7 chiropractic colleges/universities. He has lectured abroad and throughout North America on many topics. In addition to several peer reviewed journal articles, in the year 2000, the textbook, *The Clinical Application of Outcomes Assessment*, Appleton & Lange was released. Dr. Yeomans has consulted for several companies and many clinic groups on this topic and created a distance-learning library for health care provider access. He maintains a full time private practice in Ripon, WI and continues to actively write and lecture.
