

Wisconsin Chiropractic Association Medicare Compliance

Course Description:

This program will assist chiropractors and their staff in designing an internal Medicare compliance program to prevent the submission of erroneous claims and to combat fraudulent conduct. The program will include the following components:

- Implementing compliance standards
- Responding appropriately to detected offenses
- Appropriate staff training and education
- Developing open lines of communication
- Conducting internal monitoring and auditing
- Designating a compliance monitor

Please note: This is not the Medicare Basics program which teaches you how to file claims. Check the WCA website for more details about that program.

Speaker Bio:

WCA Executive Director, Russ Leonard has developed numerous seminars to help chiropractors and their staff understand every aspect of running the business side of a chiropractic practice. His HIPAA privacy, worker's compensation, managed care, and accounts receivable programs have helped chiropractors across the country to understand complex requirements and to implement change in a highly effective manner.

For the last 21 years, Mr. Leonard has been involved in all aspects of chiropractic policy development through his extensive work with the state legislature, government agencies, insurance industry, and the thousands of questions he answers each year on behalf of the WCA members and their staff. His seminars are noted for their direct, practical, and humorous approach to problem solving.
