Course Description

Chiropractors who complete this course may not only sell supplements, vitamins, and herbs, they may also provide counsel, direction, guidance, advice or recommendations to their patients regarding the health effects of these substances. The WCA has arranged for our instructors to teach from a common syllabus, which means you may attend any module from any speaker at any location. The state requires a test at the end of each module. Since the modules are self-contained, they may be taken in any order.
